FIRST LEAGUE BASEBALL GAME NEXT WEDNESDAY

Arrowwood Will Play Here
Wednesday, May 20—Base-
cats to Play in Husar
Tournament May 25

The first scheduled league baseball game to be played in Bassano is looked for next Wednesday, May 20, when Arrowwood and the Basecats will play here. The game will start about 5:00 or 6:30 p.m.

The Bassano Basecats, last season's league leaders, are shaping up fairly well considering the small amount of practice they have had. The line-up for the game has not yet been arranged, and probably a number of players will be given a chance to play a few innings. Jake Bulmer will likely pitch, and two players, the LePage and Clarence Brodie, are available for the position behind the bat.

Last Sunday there was a good turnout of players for the practice game, and the boys had a good work-out.

The Basecats will go to Meadowbrook next Sunday afternoon for their first game, and Meadowbrook will play a return game here the following Sunday.

The Bassano team will also play in the baseball tournament at Husar on Monday, May 25. Rockyford and Roseland are also competing in this tournament.

The Pictures

"The Lost Zeppelin," all-talking, thrilling, with Conway Tearle, Virginia Valli, and Ricardo Cortez, heading a distinguished cast, is showing at the Orpheum Theatre Thursday, Friday, and Saturday of this week, May 14, 15, and 16.

This is the first picture dealing with a giant zeppelin starting on a big expedition trip ever to be made in taking and sound form. The real story, however, revolves around a woman's love. The woman in the picture is the beautiful young wife of Commander Hall (Conway Tearle) of the zeppelin.

Tom Armstrong (Ricardo Cortez), a young naval officer, is asked by Commander Hall to accompany him on the aerial voyage and he accepts. He is in love with her husband after he has seen them embracing, she asks him for a divorce, but he suggests that she wait until the trip is ended.

When the giant dirigible gets into the polar regions it encounters terrible storms and finally crashes against a mountain of ice and is completely wrecked. The crew undergoes hardships, and finally all are lost but Hall and Armstrong. The conclusion of the picture forms a great climax.

For Thursday, Friday, and Saturday next week the manager of the Orpheum has booked "Big House," which is a picture of a prison that is not being available, and in case it does not arrive "New Moon" will be substituted. This is a new release with nearly the same cast as played in "Big House."

AN OPPORTUNITY TO HOLDERS OF EARLY MATURING
CANADIAN GOVERNMENT BONDS
TO EXTEND THE TERM OF THEIR INVESTMENT IN
THE PREMIER SECURITY IN CANADA

GOVERNMENT OF THE
DOMINION OF CANADA
1931 CONVERSION LOAN

The Minister of Finance of the Dominion of Canada offers to holders of the undervoted Dominion issues the privilege of exchanging their bonds into longer dated issues, in the following terms and under the following conditions:

This offer affords to holders of bonds eligible for conversion, the same interest payment and tax-free privileges, for the life of and as contained in the present bonds, and the opportunity of extending the term of the investment at 4½% per annum.

WAR LOAN 5% BONDS MATURING 1st OCTOBER, 1931—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1936, bearing interest from 1st April, 1931. The first coupon will be for six months' tax-free interest at the rate of 5% per annum payable 1st October, 1931; the second coupon will be for seven months' interest at the rate of 4½% per annum payable 1st May, 1932; thereafter to maturity interest will be payable half-yearly at 4½% per annum.

RENEWAL LOAN 5½% BONDS MATURING 1st NOVEMBER, 1932—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1937, bearing 4½% interest payable half-yearly from 1st May, 1931. There will also be attached to these bonds three adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932, for additional interest at the rate of 1% per annum.

VICTORY LOAN 5½% BONDS MATURING 1st NOVEMBER, 1933—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1938, bearing 4½% interest payable half-yearly from 1st May, 1931. The first five interest coupons, being those to and including 1st November, 1933, will be tax-free. There will also be attached to these bonds five tax-free adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932 and 1933, for additional interest at the rate of 1% per annum.

VICTORY LOAN 5½% BONDS MATURING 1st NOVEMBER, 1934—Holders of these bonds have the privilege of exchanging into bonds maturing 1st November, 1939, bearing 4½% interest payable half-yearly from 1st May, 1931. There will also be attached to these bonds seven adjustment-coupons payable respectively on 1st November, 1931, and 1st May and November, 1932, 1933 and 1934, for additional interest at the rate of 1% per annum.

Conversion applications in the terms of the foregoing are invited to a total of \$250,000,000. The Minister of Finance reserves, however, the right to increase or decrease this amount at his discretion.

Subscriptions will be received and receipts issued by any branch in Canada of any Chartered Bank and by recognized Canadian Bond Dealers and Stock Brokers, from whom may be obtained application forms and copies of the official prospectus containing complete details of the loan. Applications will not be valid on forms other than those printed by the King's Printer.

The subscription lists to the foregoing will open on 11th May, 1931, and will close on or before 23rd May, 1931, at the discretion of the Minister of Finance.

DEPARTMENT OF FINANCE,
Ottawa, 11th May, 1931.

**Dominion of Canada
Conversion Loan**

Official announcement is made today of the terms of the Dominion of Canada 1931 Conversion Loan. This issue extends the opportunity to holders of Dominion of Canada War Loan and Victory Bonds now approaching maturity to convert their holdings into bonds extending over a further period of from 16 to 25 years and marks what may eventually prove to be the greatest financial operation in the history of Canada—

the refunding of the heavy volume of financial obligations incurred during the War period.

The offer does not involve the raising of any new money. Not a penny will be added to the national debt of Canada in consequence of the 1931 Conversion Loan. It is entirely a matter of exchanging existing bonds for other bonds of the Dominion. A total of more than one billion dollars of bonds reaches maturity within the next 5 and a half years. This total is made up of about \$22,000,000 War Loan 5 per cent Bonds due October 1, 1931; \$75,200,000 Renewal Loan 5 and a half

per cent Bonds due November 1, 1932; \$44,000,000 Victory Loan 5 and a half per cent Bonds due November 1, 1932; and \$512,000,000 Victory Loan 5 and a half per cent Bonds due November 1, 1934.

Holders of bonds of these issues are being given the opportunity of continuing their investment over a longer term in the direct obligations of the Dominion Government. They will not lose anything in the way of interest payments or income tax exemption by exchanging for bonds of the 1931 Conversion Loan. It is explained that the new bonds will carry coupons entitling holders to receive up to the date of the matu-

rity of these old bonds, the same interest payments and tax-free privileges as they would enjoy. If they held their War Loan or Victory Bonds until the actual date of maturity in each case. For the remainder of the term of the 1931 Conversion Loan Bonds, they will carry interest at the rate of 4 and a half per cent per annum, which, in the opinion of leading investment bankers, is a comparatively generous return in view of the interest rates now prevailing in the London and New York markets.

Conversion applications are now being invited up to a total of \$250,000,000 of the new bonds. It is announced, however, that the Minister of Finance reserves the right to increase or decrease this amount, in his discretion. Subscription lists will open today and will close on or before the 23rd of May, as may be decided by the Government.

Applications to convert bonds will be received and receipts issued by any branch in Canada of any Chartered Bank and by recognized Canadian Bond Dealers and Stock Brokers, from whom application forms and copies of the prospectus containing complete details of the new bonds may be obtained. They will arrange for the conversion of bonds without expense to bond holders.

PLAINTIFF WINS CASE

INVOLVING CAR OF WHEAT
Holding that the plaintiff was en-
titled to succeed, but owing to the
fact that it was through his neglig-
ence that the action probably arose
and therefore was not entitled to
costs, Mr. Justice J. R. Boyle last
Thursday night, after listening to
the evidence which commenced at 9
o'clock Thursday morning, gave
judgment to the plaintiff for the re-
turns of 1,093 bushels and 30 lbs.
of wheat, sold in the fall of 1928.
The parties were Irvia W. Groff,
plaintiff, Majorville, and Carl P.
Herman, defendant, Cluny.

Action was commenced on Septem-
ber 17, 1930. During the fall of 1928
plaintiff endeavored to ship wheat
from Crowfoot, but owing to a
shortage of cars did not obtain two
until November 22, 1928. Plaintiff
and defendant reached an agree-
ment whereby plaintiff alleges that
he filled one of the cars with his own
wheat.

This was billed to the Alberta
Wheat Pool, of which both were
members, in Herman's name. Groff
alleges that he was not notified of the
proceeds, which he alleges Herman
received. Groff, however, did not
commence action by calling in police
to investigate until November of the
following year.

Herman declared on the stand
Thursday that he had never helped
Groff to load any wheat, nor had
Groff ever helped him. Sergeant J. N.
Cawsey, A. P. Police, Bassano, on the
stand Thursday evening declared
that Herman had said that Groff had
helped him, and that he had helped
Groff.

"I think an action of this kind is
most unfortunate," he said, "but it is
a dispute between two men who hereto-
fore were good friends, and that
very fact is largely responsible for
the loss itself," his Lordship de-
clared in giving judgment.

"I think that the plaintiff was
carrying on business in a very loose
way, and both he and the defendant
were relying very largely on others
to keep their books. I mean the
elevator and the pool."

They are not to be blamed for
that; farmers are pretty busy men
and have not the time to keep a
complete record of their business
transactions from day to day.

"I think that the plaintiff handled
his business carelessly, that the car
in question was loaded with his
wheat, but instead of filling it up
and getting returns properly he ne-
glected to do so and in fact forgot
about it. He knew the wheat was
going to the pool, and I think he
let it to the pool man, who, instead
of shipping it out in the name of
the plaintiff, shipped it out in the
name of the defendant (in which
name it was billed) thinking it to be
the defendant's wheat."

"I don't think that the defendant
paid any particular attention to
this. He was shipping a number of
cars, and I don't think it occurred
to him that he was getting returns
that were not his. It was not
brought to his attention."

The defendant received an initial
payment of \$786 for the carload of
wheat, and the total he received for
the 1483 bushels and 20 pounds was
not computed. Plaintiff was not
given the costs.

T. J. O'Connor acted for the plain-
tiff, and Wm. McLaws, of Bassano,
appeared for the defendant.

(2) That farmers should avoid
unnecessary field cultivation.

(3) That seeding at right angles
to prevailing winds is desirable.
Plowing of occasional furrows
after seeding across the fields at
right-angles to prevailing winds,
particularly on knolls, is re-
commended.

(4) Drifting does its most seri-
ous damage on summer-fallows.
Prevent recurrence of damage in
1932 and following years by adopt-
ing this season's "smallfields"
"strip-farming" methods. Avoid
having a large acreage of summer-
fallow in one field.
